YAVAPAI.

**Logan Creek** is experiencing much prosperity at present, and it is realized now that bona fide development work is behind her. Three miles will be in operation in that locality next week, while the number of claims being developed exceeds that of any previous time in her history. G. G. Henderson, who is running a tri-weekly stage to that point, says travel is simply beyond anything he has ever noticed, while a vast amount of mining supplies are being shipped in. The creek is plastered from one end to the other with location notices, and a boom seems to be coming along.

A serious cutting scrape occurred last night at the Last Chance mine between J. B. Varley and Thomas Kane over a wood contract. In the encounter Kane was out on the hands, probably losing two fingers on the left hand. Varley was arrested and lodged in jail today by Sheriff Ruffer.

Joe Meyer, who is operating the Horrietta mine, arrived in town today and says that the mill is pounding steadily while development continues steadily in the mine. A depth of 385 feet has been reached on the property, and remarkable as it seems, the ore body continues free in character, and of a better grade than in the upper workings.

From a prospect just from the property of J. R. ...

The governments of the United States and Mexico have evidently come to some agreement whereby there is now a possibility of solving the much mooted Indian trouble. Last week a company of cavalry under the command of Lieut. Bullock, marched to the San Bernardino ranch, and there was met by a company of Mexican cavalry, under command of Col. Emilio, a commander of note in the interior of Mexico, and together the troops will go into Mexico on an extended campaign, and scout the Sierra Madre mountains for the band of renegade Indians who have been committing murders and off repeated depredations in Arizona and Mexico.

**Your Physical Condition.** Need attention at this time. If you are tired, weak and nervous, it is clear that your blood is impure, and without doubt there has been too much overwork or strain on brain and body. The course of treatment for such condition is plain and simple. The blood must first be purified so that the nervous system, and in fact all the organs will be fed upon pure blood. Intelligent people without number have testified that the best blood purifier, nerve tonic and strength imparting medicine is Hood's Sarsaparilla. Nervousness, loss of sleep and general debility all vanish when Hood's Sarsaparilla is persistently taken; in a word, health and happiness follow after taking Hood's Sarsaparilla.

## A Rich Property.

Yuma Sentinel.

Frank Wells, after a visit in San Francisco of several weeks, returned to Yuma on Tuesday. Mr. Wells owns several promising prospects in the northern part of the Chukawallas. He shipped several tons of ore from his mines to the Selby Smelting & Lead Co. of the above city. The ore is free milling and averaging 75 per cent gold in 35 tons, and some of the ore went as high as \$1000. Mr. Wells on reaching San Francisco contracted a severe cold and was under a doctor's care for fourteen days, and for a while great fears were entertained by his physician that he would be called to that land from whence no visitor returneth. As soon as Mr. Wells regained his strength he will leave for his mines with a force of miners and thoroughly develop his mining property.

Hon. Frank Cox, of Phoenix, the popular attorney of the Southern Pacific Co., owns an interest in the mines.

**CY WILLIAMS - SHOT.**

A Serious Shooting Affair at Maricopa Last Evening.

On the train which left Phoenix Saturday evening for Maricopa was Mr. Geo. A. Williams who had just come down from Jerome where he had been mining for some time and who was on his way to California. When he reached Maricopa he decided to remain over a day and yesterday he was about Maricopa drinking in both the saloons at that place. About five o'clock he was in the Williams hotel and had a couple of drinks when a misunderstanding regarding money paid for a drink took place with Cy Williams who was behind the bar. The trouble was patched up, but Geo. A. Williams invited another man who was with him to have a drink. He refused to serve them and ordered the man out of the house. As they went to the house Mr. Geo. A. Williams made the remark that they would go to the other house and have a drink. This remark appeared to displease Cy who grabbed a large dagger which hung on the wall in the rear of the bar and with an oath started toward him from behind the bar after the men. When he reached the walk in front of the hotel and was within a few feet of the other men Geo. Williams turned and pulling a .45 calibre revolver from his pocket fired.

The bullet entered the side of the victim and passing entirely through the body came out on the right side. Mr. Williams was at once arrested and held until this morning when he was taken to Phoenix, where he will be held awaiting the result of the injuries to his victim. As soon as it was found how serious the wound was a telegram was sent to Tucson for physicians, and Dr. Good fellow and Pesse responded. The man was placed under the effect of anaesthetics and the physicians with the assistance of Mr. Walter Porter, Wells, Fargo & Co.'s messenger, opened the abdomen and found that the ball had passed through the intestine and liver. The punctures in the abdomen were sewed up and everything possible done that would tend to lessen the chances for a fatal result to the injured man. This morning he was resting comparatively easy and there is a slight hope for his recovery.

The injured man was taken to Tucson for treatment on the early morning passenger train and shortly after his arrival in that city began to sick and died some this afternoon.

**THE CITY COUNCIL.**

Annual Reports of City Officials Presented Last Evening.

The City Council met in their regular monthly session last evening to listen to the annual reports of the various city officials, which were presented for consideration.

The city health officer's report showed that the estimated population of the city was 12,000, and that the total number of deaths during the past year, from all causes, were 134. He presented the following recommendations: That steps be devised whereby the ditches, running through the city, will be less dangerous to life and property. That the city should make the preliminary surveys and other initial steps towards owning or constructing and extending its own sewer system.

That the city council adopt measures for guiding and controlling the actions of occupiers in regard to sputum or in any other manner relating to the dissemination of the disease in our city.

That further and better facilities be given the marshal for keeping the streets and alleys clean and in good sanitary condition.

Recommendations of the appointment of a general inspector, whose duty it should be to inspect all food or liquids offered for sale in the city.

Also an inspector to inspect building and plumbing and see that all buildings erected in the city are safe and the plumbing in a good sanitary condition.

The annual report of the city treasurer shows the total receipts, \$49,326.67; disbursements, \$43,804.22; balance on hand, \$5,522.45.

The report of the city recorder shows the total amount collected by him during the year, from floor, to be \$2,261.20, and from other sources \$345.20, making a total of \$2,606.40.

The man who eats because he is hungry is, thus far, on a level with the brutes. The man who stops eating the moment his hunger is appeased is the wise man. Nature needs no more food than she can use. Continued excess brings about indigestion or dyspepsia, with loss of flesh, strength, sleep, digestion and mental power, and an accumulation of acids, poisons and many dangerous local maladies.

The stomach now can do nothing else. We must appeal to some artificially digested food which can also digest other foods. That is to say, we must use the Shaker Digestive Cordial. The effect is prompt and cheering. The chronic pain and distresses which presently relieve. Flesh and vigor gradually come back and the sufferer recovers. But he must be careful in the future. A trial bottle for 10 cents.

LAXOL is the best medicine for children. Doctors recommend it in place of Castor Oil.

## Tempe Department.

From Monday's Daily.

A. P. Shewman of Mesa City went through to Phoenix this morning. Mr. Gilbert of Mesa is paying the capital city a visit today. W. L. Van Hren went to Phoenix this morning. L. K. Dravis is a Phoenix visitor today.

Councillor Goodwin went to Phoenix this morning on business. James McNaughton Jr. left for Casa Grande this morning.

Meers, Woolf, Frankenburg and Priest went to Phoenix this morning.

The Normal school board met last Saturday in the old building for the purpose of effecting a settlement with the bondsmen of Larry Napier the absconding contractor and a full board and several of the bondsmen were present. It is hoped a basis of settlement has been reached so the matter will be adjusted without litigation.

The Alumni Association met at the Normal building at 3 o'clock Saturday afternoon. There were a large number of graduates in attendance and committees were appointed to make arrangements for the next annual reunion and banquet which will be held Thursday, June 11th.

From Tuesday's Daily.

Mr. Sanders, keeper of the Florence jail, passed through to Phoenix this morning on business.

Santiago Anna, of Florence, is registered at the Tempe hotel.

A car of local merchandise and a car of honey cans were among the freight receipts this morning.

A car of hay will be shipped from Tempe today.

Jack Frazer, a well known Pinal county stockman, was a Tempe visitor today.

Mrs. Thos. Graham, of Florence, passed through to Phoenix this morning to join her husband.

Maria Queen was arrested yesterday and will be tried today on the charge of vagrancy and indecency.

The council held a protracted but not a revival meeting last evening, at which three standing committees were appointed.

Old Fellows met tonight. A good attendance is desired, as business of importance demands attention.

A son and daughter-in-law of Mr. P. J. Myers arrived on this morning's train from Beatrice, Neb.

The musician inclined are practicing hard for an entertainment to be given in the future for the benefit of the Reading Room fund.

Al Sanor Don Crescencio Romero fractured the peace and quiet of Tempe on Saturday last for which disturbance yesterday he was given twenty-five days for re-education and recuperation at public expense.

Rafael Valenzuela, with whose name the penal records of this city have been liberally decorated, was arraigned before Magistrate Smith yesterday to answer to a charge of petit larceny. The case was taken under advisement and sentenced reserved till today.

A couple of Tempe young ladies went horseback riding on bicycles Sunday evening. The machines were just a trifle bronched and like some more intelligent but less headstrong animals, did not like to cross a water course. They went well enough till they got in the middle of a ditch, when they laid down. Bicycles to be safe should have five wheels.

**The Time for Building**

Up the system is at this season. The cold weather has made unusual drains upon the vital forces. The blood has become impoverished and impure, and all the functions of the body suffer in consequence. Hood's Sarsaparilla is the great builder, because it is the One True Blood Purifier and nerve tonic.

Hood's Pills become the favorite cathartic with all who use them. All druggists, 25 cents.

**The Good Templars**

Garden Valley lodge held a rousing meeting last night and added three new members, two others being proposed. An invitation was extended to Rev. Al Ogburn, of the Christian church, to preach a temperance sermon on next Sunday evening, and we understand he has signified his willingness to do so. Rev. Ogburn was a member of the order in California, but has not joined here yet. Members of the order will attend his church on next Sunday evening in a body to hear what he has to say. The following officers were installed last night by Lodge Deputy Winkersham, assisted by Eugene Brown of Cripple Creek, Col., Lodge, and Miss Nettie Norris, as standing marshals: R. M. Bond, O. T.; Mrs. L. R. Shaw, V. T.; Chas. V. Fry, Sec.; Mrs. Rose Maren, A. S.; Quintus Anderson, F. S.; Miss Mattie Andrews, T.; Sumner Hackett, C.; A. V. Dominguez, M.; Miss Ida Wilson, D. M.; Miss H. L. G.; Ralph Marshall, S. Chief Templar Bond invited the members to meet with him in the hall on Friday for a social chat and conference, and intimated that a box of oranges or a keg of nails might be tapped. The lodge is reported in the best condition financially than it has been for years. Its membership is 109.

**It Sharpens**

the appetite, improves digestion, and regains health and vigor; all the organs of the body are aroused to healthy action by Dr. Pierce's Golden Medical Discovery. More than all, the liver and that's the key to the whole system. You have pure blood or poisonous blood, just as your liver chooses. The blood controls the health, the liver controls the blood, the "Discovery" controls the liver.

You can escape just about half the ills that flesh is heir to, by being ready for them. Brace the system up with this medicine, which presents as well as cures. For all diseases caused by impure liver or impure blood dyspepsia, biliousness, the most stubborn skin, scalp and scrofulous affections, the "Discovery" is the only remedy so certain and effective that, once used, it is always in favor. ## DEATH OF L. J. WOOD.

The Community Started by the Sad Intelligence.

The Jury Finds a Verdict That Deceased Came to his Death Accidentally.

Saturday evening about 5:30 o'clock the people of Phoenix were startled at the word which went from mouth to mouth to the effect that City Assessor and Tax Collector L. J. Wood had just shot himself and was dead.

Mr. Wood had been a prominent citizen of Phoenix for a number of years and was one of the most popular young men of the city. He had been seen by his friends during the day and to all of them had appeared in his usual jovial manner and as though he did not have a single trouble on earth. It was this fact that caused the news of his sudden death to come with such a shock to his friends.

To a Herald reporter the bereaved wife stated that about two months ago Mr. Wood had purchased a 38-calibre American Bull Dog revolver which he had placed in the bureau drawer in his room at home. Friday night she was in the bureau drawer for some purpose and noticed that the revolver was not in its accustomed place. When Mr. Wood returned to the house that evening she asked him where the revolver was and he stated that he had it in his pocket where he had placed it for the reason that it was the first of the month and he was carrying a great deal of money in his pocket and was afraid of being held up as he went home late at night. The next day she again saw that the revolver was not in its accustomed place and at noon he told her that he had left it at his office. That evening he went home about 5:30 o'clock. When he entered the house he carried two parcels in his hand. One parcel contained most for supper and the other parcel was the revolver. The other parcel was a copy of the Herald in which was wrapped the revolver. Retaining the second parcel in his hand he passed on into the bedroom after a pleasant word with his wife. A moment after he entered the room the family heard a shot and the sound of a falling body. Mr. McEwain, the father of Mrs. Wood, who was in the house at the time rushed into the room and found Mr. Wood lying on the floor with a wound in the right temple from which the blood was flowing. He was still breathing but in a few moments he died without uttering a word. Between his legs which were outstretched lay the revolver and the copy of the Herald in which it had been wrapped. Physicians were at once summoned but the unfortunate man was beyond all human aid.

Justice Johnstone was at once notified and summoned a coroner's jury who viewed the body and adjourned until this morning, when they listened to all the testimony obtainable and rendered their verdict, which was that deceased came to his death from a gunshot wound self-inflicted in an accidental manner.

Deceased was 30 years of age and was born at Alamogordo, Cal., at which place he lived until he came to Phoenix about six years ago. Since living here he has made friends by the score, and a year ago was elected city assessor by a large majority.

A wife and little boy are the only relatives in this city left to mourn his death, while a sister and aged father in the east will learn the sad news with much suffering.

The body was consigned to the grave yesterday afternoon under the auspices of the local lodge Knights of Pythias, assisted by the Elks, Workmen and Woodmen, of all which orders deceased was a valued member. Services were held at the residence by the Rev. Mr. McKinney, of the Presbyterian church, and one of the largest funeral corteges ever witnessed in Phoenix followed the body of the unfortunate man to the grave.

**A Bright Double Eagle**

is a pleasant object to contemplate, particularly if one happens to be its proprietor. But the one of this justly esteemed coin is not a piece of admiration when visible in one's complexion. This indication of biliousness, as well as discomfort in the vicinity of the liver, for upon the tongue, sick headache, sourness of the breath, nausea, constipation and dyspepsia are specially remediable with the powerful action of Hosts' Stomach Bitters, the most effective, corrective and restorative. As a preventive and remedy for biliousness it is also thoroughly reliable. They whose sedentary habits tend to impair the active discharges of active digestion and bilious secretion never seek their health in vain. It is a capital appetizer and promoter of hearty quietude.

Saturday afternoon an attachment was levied on the store of B. M. Johnson & Bros. of Mesa City, by an eastern firm and the house closed. This morning the matter was satisfactorily adjusted and the firm opened for business as usual.

Mr. O. H. Landis, formerly agent at Peoria, for the S. F. P. & P. railroad company has been transferred to Phoenix where he will assume the position vacated by Mr. Gillett. Mr. Landis is a thorough railroad man and will be found most obliging and courteous.

The Hon. Thos. Davis has again returned to his old position with H. S. Bridges & Co., and will proceed to again build up the fortune he has lost in politics and irrigation the past few years. There is no man better qualified to restore losses than Mr. Davis.

Judge Bathine arrived this morning from Tucson to occupy his seat on the Supreme Court bench. He is much stronger than he has been but he has not yet entirely recovered from the accident which occurred at the last session of the Supreme Court in this city.

Chaplain Scott of Scottsdale, under the Arizona canal is the first man in the valley to report ripe apricots. Yesterday apricots were picked in his orchard ripe enough for shipment. They are of the New Castle variety. Grapes on Mr. Scott's place are ripening nicely and give promise of an immense crop.

Mr. J. F. Champion, of Silver Kieg, arrived this morning and will leave this evening for Denver, where he goes on mining business. Mr. Champion states that there are but a few men at work on the great Silver King mine, but that the prospects are good for the reopening of that property.

Among the outgoing passengers on this morning's train for the north were Miss Palmer, Albuquerque; Mrs. S. Lindley, Atchison, Kansas; G. O. Roberts, Trinidad; Geo. R. Riddle, Denver; B. Steinghe, Chicago; C. and S. V. Tait, Joliet, Ill.; J. A. Melver, Chicago; Mrs. H. B. Goodwin, Canadian, Texas; Mrs. J. A. Bennett, Jamestown, N. D.; Mrs. H. W. Adams, Saratoga, Pa.

Chaplain Scott is still confined to his bed from the injury he received two weeks ago. His hip was quite seriously injured, and it will be some time before he will be able to be around again.

The physicians decided that there was no dislocation or bones broken, but the shock was so severe as to put him entirely hors de combat. He says there is no glory in being knocked out by a \$2.00 horse.

The citizens of Phoenix, Arizona, are making the struggle of their lives to keep out of the clutches of T. J. Wolf. That notorious political fire breeder was the Governor of the Territory to name him as a member of the Board of Control. God help the people if Wolf wins. The newspapers there have turned on their batteries and are making a magnificent fight in the interest of decency and good government. -Seneca, Kansas, Tribune.

This morning the bondsmen of the defaulting ex-assistant clerk of the Board of Supervisors, E. B. Kirkland, called on the Board and paid the amount unlawfully taken from the county treasury by Mr. Kirkland. The three bondsmen were Jerry Milay, J. Y. T. Smith, Henry Cox and each of them paid \$74.45, making a total of \$207.80. County Treasurer Murray will pay the sum of \$703.47 which was paid to Mr. Kirkland on warrants endorsed by that official unlawfully and which Mr. Murray had become responsible for.

This morning when Mr. W. F. McNulty opened his grocery store on East Washington street he found that during the night some persons had entered the store and stolen about \$50 worth of goods. Entrance had been effected through a rear door, which had been pried open with a chisel; the marks of the chisel being plainly visible on the door and casing. The thieves had evidently taken their time in the store where they had eaten a couple of apples and left the pieces on the ice chest and in the yard where they had disposed of a half dozen bananas and left the skins lying on the ground. Among the goods taken were a box of chewing tobacco, a box of smoking tobacco, a box of cigars, a large number of pieces of men's clothing, ladies' jerseys and jackets, some sugar and coffee, valued at not less than \$50. The police were at once notified and are making an effort to locate the thieves.

Mr. J. C. Jackson, late agent for the S. F. P. & P. road at Alhambra, has relieved Mr. Holder in the local freight department of that road while Mr. Holder will remain agent at Alhambra for the present.

Territorial Treasurer P. J. Cole is preparing his new bond of \$300,000 which has been required to give by the Loan Commission. The bond is in course of preparation and will be submitted within a day or two.

Mrs. S. F. Peak, Mrs. J. L. McDonald, A. L. Balfanz, Mrs. H. Correll and daughter, Los Angeles; E. Alderley, San Francisco; Henry C. Burk, Los Angeles; were among the outgoing passengers on last evening's M. & P. train.

County School Superintendent Crouse this morning received a petition for the creation of a school district at the mouth of the Hassayampa river where there are a number of families living and enough children to make a public school a necessity.

The Board of Control was in session nearly all day today auditing the accounts and discussing business matters. An order was made reducing the salary of Superintendent Hamblin of the Insane Asylum from \$2500 per annum to \$2100 and of Matron Mrs. Hamblin from \$750 to \$500.

Mr. J. C. Adams and architect Creighton returned last evening from a visit to Los Angeles. While in Los Angeles Mr. Adams purchased all the lumber which will be used in the construction of his new hotel on Center street. The lumber will begin to arrive in Phoenix the latter part of next week when it is expected that the work on the building will have been carried far enough along so that the carpenters can be put to work. Not a moment's time will be wasted in the construction of the hotel which is expected to be completed and ready for occupancy by the first of October next.

Jeremiah Crowley, and old prospector and miner, who has resided in different cities in the Territory for the last twenty-five years and who for the past five or six years has made Phoenix his headquarters, fell dead last evening about 6 o'clock while sitting on the front steps of the city hall. For some months past he has been in ill health, and in the past he has been given permission to enter the county hospital, but did not do so. Justice Morris has called a coroner's jury, who viewed the remains and this morning, after taking what testimony could be secured, returned a verdict that deceased came to his death from natural causes. An effort is being made by the authorities to ascertain whether there are any relatives of the dead in the east, to whom they can send the effects.
